PROFILE

I am a creative and detail-oriented professional with a robust background in art and design. I have demonstrated experience in both technical product design and customer engagement within artistic environments. Proficient in a wide array of design software, including Adobe Creative Suite, as well as web development and social media management. I have a proven ability to complete curatorial tasks, manage visitor interactions, and create compelling promotional content. Adept at working in dynamic settings, I am passionate about enhancing visitor experiences and promoting artistic initiatives.

WORK EXPERIENCE

Project Collaborator, "50 Years of Philippine Design and Beyond"

Design Center of the Philippines and National Museum of Fine Art September - December 2023

- Responsible for the creation and curation of the object list of over 200 local artisans, designers, corporations, national heroes in the arts, etc.
- Compiled the master deck for the object list.
- Contacted the artists and connected them with corresponding superiors.
- Collected and participated in the curation of the ceramic items for the Exhibition.
- Assisted in sales at the the "Hacienda Crafts" booth in Manila FAME 2024.
- Assisted in graphic design based tasks utilizing the Adobe Creative suite.
