## Carta de presentación

---

I have always worked in sports and due to an injury I am trying to change my profession. I'm a fast learner and very motivated. I was born in England where I spent my first 8 years. I would say I don't have a strong British accent which probably helps for the job I'm signing up to. I also have great vocabulary and slang word knowledge. I'm sure I would be a great asset for your company.

## Killer questions

---

Tell us about your experience of working on the phone, please.

I have never worked on the phone but I have experience as an online English teacher using video call instead of the phone.
